Class History

The Class of "56" is sure that Wallace High School will not forget the year of 1944. In that year we struggled to the higher education. Our first teacher, Miss Philips had to contend with nine scared and unexperienced pupils. They were Darwin Mitchell, Paul Kunkle, Ronald Moffett, Daisy Goins, Janet Payton, Wanda Woods, Patricia Gray, Marjorie Myers, and Sheridan Bright. What a year.

In our second year we lost Sheridan Bright and gained Lury Gene Paxton and Paula Smith. Our teacher was Mrs Nesler.

In the third grade we lost Marjorie Myers, Lury-Gene Paxton and Paula Smith, but gained Johnnie Goins. Due to illness Patty Gray was unable to continue with us. Our teacher was Miss Lillian Shuler.

In the fourth year we gained David Frazier and Don King. Our fourth grade teacher was Mrs. Thompson.

In the fifth year of higher education welost David Frazier and gained Glenn Edwards, Bill Hallett and George Hinote.

In the **sixth** year we lost George Hinote and Wanda woods. Mrs. Ruth Pickard was ourfifth and sixth grade teacher.

When we came to school the seventh year we found we were up stairs and had lost a few class mates. They were David Frazier, Glenn Edwards and Johnnie Goins. Our sponsor was Mr. A. J. Woods.

In the eighth grade we lost Bill Hallett and Daisy Goins and gained Bill Tibbett, Carolyn Spessard and Carol Harvey.Mrs Guthrie was our sponsor.

The ninth year, the first year of our high school we lost Carol Harvery, Don King, Bill Tibbett, and gained Richard Bowen, Janet Carpenter, Bob Crowder, David Frazier, George Hinote, Robert Gooding, Wayne McGuire, and Carol Weaver. Our sponsor was Mrs. Rice.

In the tenth year we gained Charles Whethington and lost Bob Crowder, George Hinote, Wayne McGuire. We lost Charles Whethington in the last semester. Mr. Richard Liechty was our class sponsor.

In the eleventh year, we're almost out now, we got Jerry Cooper as a new student and lost Janet Payton. We Lost Jerry Cooper in the last semester of this yean Mrs. Edith Robinson was our sponsor.

In the twelfth year we did'nt loose or gain any members. There are nine happy well educated Seniors. They are: Darwin Mitchell, Paul Kunkle, Ronald Moffett David Frazier, Richard Bowen, Janet Carpenter, Carolyn Spessard, Carol Weaver, and Robert Gooding. Our sponsor was Mr. Robert Duncan.

There are three members of the Senior Class that are graduating that started in the first grade. They are Darwin Mitchell, Paul Kunkle, and Ronald Moffett.

Class Poem

This is a little story
About the class of ' 56
There're lots of things we could write
But we'll not tell all our tricks.

We gathered at the school house
In the year of '44,
Our eyes bright and sparkling
Who could ask for more?

But as the years want by
Some moved and we were sad,
Then we'd gain some new ones
And we were always glad.

At last we're nine in number
Only three of us are girls,
You see who wins our arguments
Of course, the ones with curls.

We aren't so very tall
Or wide as you all know
But we're always ready
To get right up and go.

We, like the rest of you,
Don't always agree
But it all works out
And we're happy, you see.

Twelve years we've struggled
And done all our work,
And longed for the time
We could sit back and shirk.

Now as the time
Comes close to the end,
We know not for sure
Which road will win.

We hope we choose well
In our struggle and strife,
And will serve our fellow men
In all roads of life.

Our parents have lectured us
Almost every day,
In hopes that we wouldn't
All be led astray.

So its our hope in life
To fullfill every wish
And have all of you think
We're some SWELL DISH.

Class Prophecy

April 20 , 1976

Dear Mr. Duncan,

I don't know if you remember me or not, but I used to be a part of the graduating class of '56 which you sponsored at Wallace. I just found out yesterday what they were all doing and thought you might like to hear the latest.

My family doctor sent me to a large clinic in Indianapolis for a medical check-up for some insurance papers. He told me to see Dr. Frazier. Well , I gave it no other thought, so when I walked into Dr. Frazier's office, you can imagine my shock. You guessed it-it was our boy David. Instead of a medical check-up we sat down for a quiet talk. He told me he'd specialized in heart surgery. He married a nurse from one of the hospitals at which he took his internship , and had two lovely children. He said as his business was heart surgery he wanted a nurse who had some training in that line.

About that time I heard a swish of a crisp uniform and his nurse appeared. When I heard myself saying, Janet Carpenter, she slowly grinned and said,"Janet, but not Carpenter, but Brown." I was really surprised to to hear Janet was married and had two boys and a set of twin girls. I still can hear Janet saying" I'll never get married" back in high school days.

Just then the receptionist appeared and said, "Lawyer Bowen to see you. " Well I knew then that it could be no other than Richard, our great president for at least one half our high school career. Some elderly man had died, supposedly of a heart attack,and Richard was in to see if David had found out if it was a heart attack or murder. When Richard appeared I said , "Hello, PeeWee." He told me that he wasn't married yet, which came as a shock. He said he, " always wanted to keep a lovely secretary and didn't want any wife to be jealous."

I did'nt know then that, before the morning was over, practically all the class of '56' would soon be in David's office. It seemed that all the class relied on David as their family doctor and drove for miles to see him.

As I was trying to get over my amazement and shock I heard a lot of noise which sounded like kids. Richard exclaimed,"Oh no!" and David said,"Send them in." We all remember how well Carol Weaver liked kids. Well , she now has twelve lovely children. I was really surprised to see how expensively they were dressed. I soon learned Carol had hooked some millionaire, and she really lived in style.

1541300

I looked up and saw the most beautiful lady I'd ever laid eyes on and behind her was her husband. The musician of the class, Darwin Mitchell. He now has his own orchestra, and his summer tour had brought him to Indianapolis.

David then told me that there were two of the class that he knew wouldn't be there, Paul Kunkle being the first. Paul, as I knew, had gone to the Air Force after graduation, where he learned to pilot a plan. He is now manager of the new Indianapolis Municipal Airport. He and his wife, also a former member of Wallace School were in Europe on a vacation.

Carolyn Spessard was the other member who lived too far awau for a visit to Indianapolis. I wasn't surprised when he told me she had married a very wealthy owner of a Saddle, Race, and Show Horse Ranch and lived in Texas. We all remember how fond she was of horses.

I then heard someone shouting, "Dr. Frazier, Dr. Frazier I did it, I did it." No one had to tell me who that was--none other than our dear friend, Robert Gooding Robert was a great sciencist, I learned, and had just learned or discovered the cause and a cure for the common cold. Robert is married and has two adorable girls.

Just then I heard a laugh which reminded me of our school days more than ever. Of course it was Ronald Moffett and his lovely wife. Ronald is the only farmer of the class and a wealthy one, too. He farms the best five hundred acres in Indiana with the help of his six sons.

It was a very enjoyable afternoon and I must say Richard is still a wonderful joke teller. I enjoyed myself so much that I left, forgetting about the check - up I came after.

I think you will agree that the time the class of 1956 spent at Wallace wasn't wasted.

I hope this hasn't taken too much of your time. I know you're quite busy since you are the Head of Commercial Training at Indiana University.

Give my regards to Helen and the family.

Sincerely,

Janet Poynter Jones

Farewell to W. H. S.

Remembering the hard work and study of those days gone by,
Leaves in our hearts a tear and a sigh,
And as we bid Farewell to W. H. S.
We hope that each class will like you best,
And stand up for you as the years go past
And keep alive your spirit until the last.

We give our thanks to the teachers we have had
Who were in knowledge and justice clad,
We hope to remember you, W.H.S., for years to come
And remember the work that here we have done,
We will always cherish our many thoughts
About the happy hours you have brought.

In keeping our hearts true to you
We have found your faithful colors winning through,
The ending of our school days is quite near
But we go out with faith and no fear,
And as we enter into this world of strife
We will be loyal to you all of our life.
